FREEDOM OF RELIGION

The **Sex Discrimination Act 1984** makes it *unlawful* to discriminate on the basis of a person's sexual orientation, gender identity and intersex status. However, there are *religious exemptions*..

AUSTRALIAN HUMAN RIGHTS COMMISSION

Equal rights for all, not special rights for some.

We are **Satanic Australia**, a grassroots collective of non-theistic Satanists that believe in individual liberty, human rights and the separation of church and state.

For us, the figure of Satan is a metaphor of resistance to religious tyranny and a Promethean champion of the marginalised and misunderstood. Consequently, we **strongly oppose** changes to the federal anti-discrimination legislation that would provide **exemptions for religious organisations** to participate in **discriminatory behaviour**.

As Satanists, we fully support the right of every person to practice their faith without fear of violence, harassment or unequal treatment. However, we believe that this **freedom should not entitle** any person or institution to a position of **privilege**, or to **discriminate** against or disseminate hate-speech against any other individual or community. We believe that **freedom from religion** is equally important as freedom of religion.

Satanic Australia is pro-choice, pro-science, anti-racism, and is fully supportive of the LGBTIQA+ community. We can be contacted on Facebook or via our website.

Ave Satanas! Ave Liiith!
